

Cookie statement.

Which cookies and similar technologies lefcreative.nl uses,
what for, and how to change your choice.

In short

- We only place the cookies the site needs to work.
- We only use Google Analytics if you consent to it.
- You can always change your choice via Cookie settings, at the bottom of every page.

What is a cookie?

A cookie is a small text file that a website stores on your device. Similar technologies, such as your browser's local storage, work in the same way. For cookies the site does not need to work, we ask for your consent first.

Which cookies we use

NAME	WHAT FOR	RETENTION	TYPE
cmplz_* (including cmplz_rt_functional, cmplz_rt_statistics, cmplz_rt_banner-status)	Remembers your cookie choice, so we do not ask again on every visit	365 days	Necessary
wordpress_logged_in_*, wordpress_sec_*	Only for site administrators: staying logged in	Until you close the browser, or 14 days	Necessary
_ga	Google Analytics: recognises a returning visitor	2 years	Statistics, only with consent
_ga_DWBDRS3RE3	Google Analytics: keeps track of your visit (session)	2 years	Statistics, only with consent

Your browser also keeps two preferences of this site in its local storage: your choice of light or dark display (lef-theme, until you clear it) and whether you collapsed the contact card (lef-sticky-cta, until you close the tab). This data stays on your own device.

Google Analytics

Google Analytics shows us how visitors use our site, for example which pages are viewed often. This helps us improve the site. We only load Google Analytics once you consent to statistics. Google may also process data in the United States, under the EU-US Data Privacy Framework. Read how Google handles data in [Google's privacy policy](#).

Spam protection

On pages with a form we use Cloudflare Turnstile against spam. Turnstile places no cookies on our site, but does process technical data such as your IP address. That is needed to protect the forms; read more in our [privacy statement](#).

Changing your choice

You can always change or withdraw your consent. Click Cookie settings at the bottom of every page, or here: **Cookie settings** (at the bottom of every page of lefcreative.nl).

You can also delete or block cookies in your browser settings. If you block necessary cookies, the site may not work as well.
